

Reception Newsletter

April 2018

Learning Focus

We would like to say a big thank you to everyone for attending the 'Superhero' workshops with the children and helping them with their costumes. The children had a wonderful time, both at the workshops, and on Superhero Dressing Up Day. The costumes were amazing and lots of children were inspired to talk and write about their Superhero character.

For the next few weeks, will be reading some classic children's stories including Rosie's Walk and The Very Hungry Caterpillar.

We are looking forward to welcoming some wriggly visitors into

Reception very soon!

Sun hats and sun cream

As you know, we like to allow the children to learn outside as much as possible in Reception.

Could you therefore ensure that on warmer days, your child brings a sun hat to school. If it is appropriate to wear sun cream, please apply to your child before school. Children can bring bottle of cream with their name on it.

Mathematics Focus

In Mathematics, we are securing our knowledge of numbers 11-20. It would be helpful if you could point out these numbers when you are out and about, for example, on buses and doors. We will also be counting objects up to 20.

We will be moving on to practically adding and subtracting, and beginning to double, halve and share objects.

Tricky Words and Reading

Thank you for your continued support with children's reading at home.

We would appreciate it if you could keep checking that the children remember the tricky words and sounds on their cards. This is really important as it will help them to retain these as we move forwards and learn more words and sounds.

Thank you, from the Reception Team
