

Year Two Newsletter

January 2016

Penguins

We would like to take the opportunity to wish all of our children and their families a very happy New Year. The learning focus for this half term is 'Frozen' and we will start by learning about Emperor Penguins. We will be finding out about their habitat, exploring their life cycle and finding facts about them in English. Following this, children will be creating their own penguin character and writing a story about him or her.

Geography

As part of our Geography, we will be naming and locating the world's seven continents and five oceans. If you have a globe or atlas at home, it would be helpful if you could look at the continents and oceans with your child.

'Frozen' film

We also look forward to focusing our learning around the film, 'Frozen'. We will be using the film to inspire the children's writing as well as making a wheeled vehicle for a character in the film.

PE

This term, children will have dance on Tuesdays and games on Thursdays.

Mathematics Workshop

The children's next workshop will be a Mathematics Workshop. We will be playing Mathematics games, exploring websites that you can access at home and giving you ideas for how you can use everyday mathematical opportunities with your child. It will be on **Wednesday 13th January**.

We would like to invite you, or another adult known to your child, to join your child at their workshop. The workshops will begin at 9.05am and finish at 10.30am.

Thank you, from the Year Two Team:

Mrs Cole, Mrs Griffin, Miss Hancock, Mrs Perry, Mrs Boraston and Mrs Smart
