June 2016

## The United Kingdom

This half term we will be learning about the countries that make up the United Kingdom and their capital cities. We will learn about art and artists from these countries and create our own masterpieces inspired by them. We will listen to the music of the countries and learn about some of the instruments it is played on.

## Moving On

Towards the end of the term we will consider why we need to move on, our feelings about it and some of the exciting things we have to look forward to.
