# School Lunch Time Information

Helping to keep you safe

Things may be a little different for a while. Our priority is making sure we're looking out for your safety.

To help create a safe experience for everyone, we have enhanced our high standard of cleanliness even further and introduced a number of additional measures and changes to our dining room.

We will continue to implement our strengthened, detailed cleaning procedures throughout our dining room and food production areas. We've also been busy training our catering staff and we have introduced new measures to ensure that we meet government advice on safe distancing.

We're delighted to say that pupils will still be able to enjoy their favorite meals, just the way they like it.

If your circumstances have changed and you feel that you are entitled to free school meals then please register in confidence with the school office. This way your child will receive a nutritionally balanced lunch each day.

Please rest assured that we are here to help and support as we provide fantastic school lunches; chosen by us, made by our team for our school community.

Check out our menus on the school website:
